I understand that the LOC has contracted with the United States Anti-Doping Agency ("USADA") to conduct doping control services in conjunction with the Event, including sample collection and analysis, results management, and the adjudication of disputes involving potential anti-doping rule violations for participants in the Event. If I am charged with an anti-doping rule violation, I agree that my case will be administered in accordance with the USADA Protocol. I, on behalf of myself, my team, my sponsors, and all who may claim through me, agree that arbitration under the terms of the USADA Protocol is our sole and exclusive legal recourse and means of addressing any charge of doping, ineligibility, loss of results or any other issues arising from any anti-doping rule violation, or any other matter arising in connection with the collection, transport, and analysis of my sample(s), results management, or the reporting or communication of drug testing information or doping control results by USADA or its designees. I, on behalf of myself, my team, my sponsors and all who may claim through me, hereby waive and release any other right, remedy, claim or cause of action involving USADA, the LOC, the Sanctioning Body or any other party relating to doping control and/or the handling, analysis, and reporting of my sample(s) or the administration of any potential or actual anti-doping rule violation. In the event that I challenge the laboratory results or otherwise contest any charges from USADA that I committed an anti-doping rule violation and am then found to be in violation of the USADA rules, I understand and agree that I will reimburse the LOC for any and all costs associated with the results management of my case

I have read, fully understand, and agree to the foregoing terms.

We are not responsible for the privacy practices of other websites or apps or the information you share through such other websites or apps. We encourage our users to be aware when they leave the Services and to read the privacy policies applicable to such third-party websites and apps. This Privacy Policy applies solely to information collected in connection with the Services.

DATA SECURITY AND RETENTION

B.A.A. uses reasonable physical, technical, and administrative safeguards to protect your information against loss or unauthorized access, use, modification, or deletion. However, no security program is 100% secure, and thus we cannot guarantee the absolute security of your information.

B.A.A. retains your information for as long as reasonably necessary for its legitimate business purposes, to provide the Services to you, to fulfill the purposes described in this Privacy Policy, or as required by law.

YOUR RIGHTS AND CHOICES

B.A.A. provides you with choices to review, access, and update your information or to exercise your data protection rights, as follows:

If you no longer want to receive our newsletters or other promotional communications from B.A.A., please follow the “unsubscribe” instructions that are included at the bottom of each message. To obtain removal of such content and information, please send us an email to info@baa.org with a short description of the content or information you would like to have removed. Please note that such a request does not necessarily ensure complete or comprehensive removal of content posted by you, since the content and information may remain in our or our service provider’s databases, may remain visible in a manner that does not identify you, or may have been re-posted by another user.

You may have additional rights under applicable laws to request access to, correction of, deletion of, or restrictions on the processing of certain information. You also may have rights under applicable laws to opt out of or withdraw consent to further processing, request copies of your data, or lodge a complaint with a data protection authority in your jurisdiction. INFORMATION FOR INDIVIDUALS OUTSIDE THE UNITED STATES

The information that we collect through or in connection with our Services may be transferred to and processed in the United States for the purposes described above. B.A.A. also may subcontract the processing of your data to, or otherwise share your data with, third parties in the United States or other countries outside your country of residence. The data protection laws in these countries may be different from, and less stringent than, those in

your country of residence. By visiting or using the Services, installing our Apps, clicking “I agree” or any other button indicating your acceptance of this Privacy Policy, or otherwise providing information to B.A.A., you explicitly consent to such transfer and processing.

We may implement standard contractual clauses, contractual arrangements, or other mechanisms, as appropriate, to safeguard your information during such cross-border transfers. We also may transfer information to the United States or another country as necessary for the performance of our agreements with you or to establish, exercise, or defend legal claims.

If you are an EU resident, our legal basis for processing information will depend on the type of information at issue and the purpose for which it is collected and used. In many cases, we rely on your consent to process information, or we process information as necessary for the performance of our agreements with you. When processing special categories of data, such as ethnicity, we rely on your consent. We also may rely on our legitimate interests to process your information, for the purposes described in this Privacy Policy, except where such interests are overridden by your data protection interests or fundamental rights and freedoms.

CHILDREN’S PRIVACY

The Services are not intended for nor directed to individuals that are deemed to be children under applicable data protection or privacy laws. We request that such individuals do not provide information to us through any of the Services.

SENSITIVE INFORMATION

We generally ask that you not send us, and you not disclose, any sensitive information (e.g., social security numbers, financial account information, information related to racial or ethnic origin, political opinions, religious or philosophical beliefs, trade union membership, genetic or biometric data, or sexual orientation) on or through the Services or otherwise to us, except for self-reported disability status, proof of disability, or other health-related information that you provide directly to us as necessary for participation in a race or other event. In some circumstances related to your account, you may have the option to provide us with information, such as your ethnicity, which we will only collect and process with your consent. None of this sensitive information will be shared with third parties, except in the aggregate and never in a form that is attributable to an individual, and you will always have the option to decline to share such sensitive information with us.

CHANGES TO THIS PRIVACY POLICY

We may revise this Privacy Policy periodically in the future. If we make any material changes, we will post the revised Privacy Policy on our Websites and in our Apps under “Settings,” with an effective date indicating when the revised Privacy Policy will take effect. We encourage you to review this Privacy Policy periodically.

12 APPENDIX D: ATHLETES' VILLAGE AGREEMENT

The Boston Athletic Association (“B.A.A.”) provides an Online Community, known as Athletes’ Village, for Users to interact with one another and engage with the B.A.A. All materials included within are the exclusive property of the B.A.A. and must not be shared outside of Athletes’ Village. By registering and creating an account, Users acknowledge and agree to the policies and terms of the B.A.A. Legal and Privacy Policy. In addition, Users agree to the following additional terms:

Community Standards

All User questions, answers, opinions, or information, whether text, image, or video, contributed to the Online Community constitute “Content.” By participating in the Online Community, you acknowledge that you are participating in a public forum and have no expectation of privacy in your Content. The B.A.A. does not endorse and is not responsible for the accuracy, usefulness or applicability of Content posted in the Online Community. You may encounter content that is inaccurate, inapplicable, or offensive. The B.A.A. may remove posts that are offensive, that violate community guidelines, or for any other reason we deem appropriate. The B.A.A. may also limit or terminate your use of Online Community or our Services if, in our sole judgment, you abuse or inappropriately use the Online Community.

Examples of the types of violations that may result in immediate post removal, suspension, or termination from the Online Community, or our Services include:

- Violating any laws, the B.A.A. Legal and Privacy Policy, or infringing any third party rights;
- Posting any material that is false, misleading, defamatory or invasive of another person’s right of privacy or right of publicity;
- Posting any material that is harmful, obscene, harassing, offensive, or threatening; including political speech;
- Collecting information about others without their consent;
- Copying, modifying or distributing Content or the Online Community content or otherwise infringing on copyrights and trademark rights;
- Solicitations of other Users or SPAM of any kind; including the sale or promotion of any products without the expressed written consent of the B.A.A.;
- Using any material obtained through the Online Community for commercial purposes.
- Continuous violations of community guidelines.

The B.A.A. has no obligation to monitor the Online Community but may do so at our sole discretion and as we deem appropriate. Please report inappropriate or offensive content, policy violations or other problems to info@baa.org or flag it within the community.

Challenge Terms

The B.A.A. may host virtual activities (“Challenges”) through the Online Community, known as Athletes’ Village. These Challenges may involve physical activity and Users may elect to participate in one or more Challenges during the course of their participation in the Online Community. Users agree and acknowledge that participating in a Challenge, organized as a virtual activity in which (i) Users attempt or complete the Challenge or Challenge components at a date and time of their choosing, (ii) in a location and route of their choosing, and (iii) without any support, safety, or security measures provided by or put in place by the B.A.A., is a potentially hazardous activity that could result in injury or death. Users agree and acknowledge that they are participating in the Challenge in the exercise of their own free will and at their own personal risk. Users agree and acknowledge that it is their responsibility to understand the risks and determine whether they are fit to safely complete the Challenge and to understand and determine the precautions they should take to do so. Users attest and certify that their physical condition and ability to safely complete the Challenge has been verified by a licensed medical doctor (except where the latter is in violation of a User’s religious principles) and that they are physically fit and have sufficiently trained to complete the Challenge.
