CONSENT TO TREATMENT

Consent to Treatment, including Treatment for Participants under the age of 18:

In the event of an emergency, I do grant permission to officials of the B.A.A. to provide onsite medical treatment and if needed, transport me and/or my child/ward to a hospital emergency room for medical or surgical treatment. The B.A.A. also agrees to take every step possible in contacting, as appropriate, me or my next of kin or other emergency contact, at the number provided on the registration when any such situation may occur. Whether for

myself or as the parent/legal guardian, I give full authorization to the B.A.A. and its medical staff, employees, agents and/or subcontractors to secure medical care or treatment for me or for above named youth. This treatment may include assistance from approved and licensed medical staff providing medical care at the event, the nearest physician, hospital, trained nurse or EMT in the event of illness or injury that requires immediate attention, as determined by the event staff. In the event that I cannot be contacted, and an emergency has occurred, I give permission to the treating medical institution and/or medical providers to hospitalize and administer the appropriate treatment deemed medically necessary. I grant to the B.A.A. and its medical staff and designees' access to my medical records and physicians, as well as other information relating to medical care that may be administered to me due to my participation in this event. I acknowledge and agree that I am responsible for any payments due to any service providers who furnish any such treatment, including emergency medical transport services, and I authorize the B.A.A. to provide contact information for me to any medical service provider seeking such payment.

CONSENT TO DOPING CONTROL

I understand that Boston Athletic Association (herein referred to as the "LOC"), has organized the 2026 B.A.A. Distance Medley (the "Event") to be held in Boston, Massachusetts, a USATF ("Sanctioning Body") sanctioned event. I understand that the LOC has contracted with the United States Anti-Doping Agency ("USADA") to conduct doping control services in conjunction with the Event, including sample collection and analysis, results management, and the adjudication of disputes involving potential anti-doping rule violations for participants in the Event. I understand and agree that by virtue of signing this Consent, I am subject to doping control conducted by USADA. I understand and agree that the World Anti-Doping Code ("Code") and the USADA Protocol for Olympic and Paralympic Movement Testing and its Annexes ("USADA Protocol") apply to me and constitute the anti-doping rules for the Event, and that I am required to abide by all such rules and by the anti-doping rules of the LOC and the Sanctioning Body. I further understand and agree that the LOC shall recognize and enforce any sanction imposed against me by USADA, the Sanctioning Body or any other Code Signatory that results from a violation of the applicable anti-doping rules, regardless of whether such violation occurred during the Event.

I agree that during the Event and for up to ninety (90) days thereafter as may be needed for follow up testing, I will be subject to blood and/or urine testing for any substance or method on the World Anti-Doping Agency ("WADA") Prohibited List. I agree to submit to urine and/or blood testing by USADA immediately upon notification that I have been selected for drug

testing and to provide complete whereabouts information to USADA in the event that follow up testing should become necessary. It is my responsibility to know and understand all anti-doping rules applicable to me prior to signing this Consent, including the requirement to obtain a Therapeutic Use Exemption prior to using any medication containing a Prohibited Substance or Prohibited Method. The Code is available online and may be found at The World Anti-Doping Code. The USADA Protocol is available online and may be found at The USADA Protocol. Information regarding Prohibited Substances and Methods and TUE applications is available online and may be found at USADA Prohibited Substances.

I understand that significant penalties exist for any anti-doping rule violation and that such violations may be established through any reliable means including, but not limited to, drug testing, admissions, third-party testimony, and circumstantial evidence. If I am charged with an anti-doping rule violation, I agree that my case will be administered in accordance with the USADA Protocol. I, on behalf of myself, my team, my sponsors and all who may claim through me, agree that arbitration under the terms of the USADA Protocol is our sole and exclusive legal recourse and means of addressing any charge of doping, ineligibility, loss of results or any other issues arising from any anti-doping rule violation or any other matter arising in connection with the collection, transport, and analysis of my sample(s), results management, or the reporting or communication of drug testing information or doping control results by USADA or its designees. I, on behalf of myself, my team, my sponsors and all who may claim through me, hereby waive and release any other right, remedy, claim or cause of action involving USADA, the LOC, the Sanctioning Body or any other party relating to doping control and/or the handling, analysis and reporting of my sample(s) or the administration of any potential or actual anti-doping rule violation. In the event that I challenge the laboratory results or otherwise contest any charges from USADA that I committed an anti-doping rule violation, and I am then found to be in violation of the USADA rules, I understand and agree that I will reimburse the LOC for any and all costs associated with the results management of my case.
